Boss Babes & Brunch

Mission

Boss Babes & Brunch is a groundbreaking networking event experience designed exclusively for female-identifying entrepreneurs.

This unique platform redefines traditional networking by infusing it with inspiration, empowerment, and a strong sense of community at each experience.

We are seeking sponsors who wish to join us in creating community among female entrepreneurs and future leaders.

Since 2022 in as little as 11 months, we have created a community that has impacted over 500 women by hosting event experiences across state lines. We have hosted in NYC, CT and entering into Boston to name a few.
